Dear Stan:

Thank you very much for your letter of September 14th telling me of the plans for reorganization. I have not had a chance to study the suggested changes and I am eagerly looking forward to doing so.

I was out at Langley on September 14th for a China briefing and lunch with Bob Bowie. I want to thank you for that courtesy. The briefing was thorough and excellent and it was a great treat to meet Dr. Bowie.

The only problem with the whole darn thing is that the visit made me homesick. I hope you had a good trip to Europe.

Thanks again for the thoughtful letter.

Sincerely,

  
George Bush
